About

Bruce Newton serves as the Executive Vice President for Digital Engineering.

Mr. Newton manages contracts and operations in the Mississippi office and assists in business development along the Gulf Coast.

Among his notable achievements, Mr. Newton served as the Lead Project Manager for a major Gulf Region Water / Wastewater Infrastructure Program with a budget of \$240 million. He has also served as project manager and owner's representative for numerous projects throughout the Gulf Coast.

Prior to joining DE in 2002, Mr. Newton served nine years in the military, six of which were spent as a commissioned officer. He acted as Lead Construction Officer for the HSC 769th Engineering Battalion. As a Company Executive Officer, his military construction experience included work in Guatemala, Honduras, and Belize, in addition to numerous civil construction projects in the United States.
